

The Peninsula Practice

This is a guide to our services for you to keep for reference. For the most up to date information please refer to our website. Should you require this information in larger print please ask at reception

www.thepeninsulapractice.co.uk

01394 411641

The Peninsula Practice provides care for the following villages:

Aldeburgh, Alderton, Aldringham, Bawdsey, Blaxhall, Boyton, Bromeswell, Butley, Capel St. Andrew, Chillesford, Eyke, Friston, Gedgrave, Hollesley, Iken, Knodishall, Leiston, Orford, Ramsholt, Rendlesham, Shingle Street, Shottisham, Snape, Sudbourne, Sutton, Tangham, Thorpeness, Tunstall, Wantisden

The practice covers an area known as 'The Peninsula', which stretches from the River Deben in the south to the River Alde/Ore and beyond in the north. This is a large rural area, which inevitably affects the way we work.

However, despite cuts and threats to the health service, we at The Peninsula Practice are determined to provide an exceptional service, where getting appointments, establishing diagnoses, treating promptly and individually as well as referring onto hospital when appropriate, are priorities.

We aim to provide an ever-improving service to our patients and would love to hear your views on how we can continue to do this. Please feel free to give us any helpful feedback, which could help us, enhance your healthcare. We welcome new patients, so if you live anywhere in the area please get in touch. You will need to complete a registration form that is available on our website or from reception at one of the surgeries.

Named Accountable GP

All patients at The Peninsula Practice have a named GP (usual GP) who is responsible for patients overall care at the Practice. If you would like to know who you're named GP is, please ask during your next consultation or at reception.

This will not affect patients care and you can see any available GP at the surgery. The named accountable GP will take lead responsibility for the co-ordination of all services and ensure their delivery where required.

Surgery Opening Hours

The Peninsula Practice has purpose-built surgery buildings at Alderton, Orford, Aldeburgh and Hollesley. Alderton and Orford sites have fully operational dispensaries and all sites provide disabled access.

The practice as a whole is open every weekday from 8.00 -18.30.

Due to the large practice area, it may be necessary to travel a little further to another branch of the surgery within the practice in order to be seen sooner. Whilst you may live close to a particular surgery/branch, you are considered a patient of The Peninsula Practice and as such are welcome at any site.

DAY	ALDERTON	ORFORD	ALDEBURGH	HOLLESLEY
Monday	8.00 - 14.30	8.00 - 18.30	8.00 - 18.30	13.30 -17.30
Tuesday	8.00 - 18.30	CLOSED	8.00 - 18.30	CLOSED

Friday	8.00 - 18.30	8.00 - 13.00	8.00 - 18.30	CLOSED

OUT OF AREA REGISTRATIONS

New arrangements introduced from January 2015 give people greater choice when choosing a GP practice. Patients may approach any GP practice, even if they live outside the practice area, to see if they will be accepted on to the patient list.

The new arrangements mean GP practices now have the option to register patients who live outside the practice area but without any obligation to provide home visits.

Out of area registration (with or without home visits) is voluntary for GP practices meaning patients may be refused because they live out of area.

If your application is considered the GP practice will only register you without home visits **if it is clinically appropriate and practical in your individual case.**

To do this we may:

- Ask you or the practice you are currently registered with questions about your health to help decide whether to register you in this way.
- Ask you questions about why it is practical for you to attend this practice (for example, how many days during the week you would normally be able to attend).

If accepted, you will attend the practice and receive the full range of services provided as normal at the surgery. If you have an urgent care need and the surgery cannot help you at home we may ask you to call NHS 111 and they will put you in touch with a local service (this may be a face to face appointment with a local healthcare professional or a home visit where necessary).

We may decide that it is not in your best interests or practical for you to be registered in this way.

Once the service commences in this area if you feel you fall into this category, please inform the Receptionist when you return your forms, as it may take a few more days to complete your registration. This is to enable us to make the above decisions.

APPOINTMENTS

EMERGENCY

IF YOU ARE TELEPHONING WITH SYMPTOMS OF AN EMERGENCY NATURE (I.E. TIGHT CHEST PAINS/SUDDEN PHYSICAL WEAKNESS/BREATHING DIFFICULTIES) PLEASE CALL 999

MAKING AN APPOINTMENT WITH A GP OR NURSE PRACTITIONER

The Peninsula Practice is open from 8.00am to 6.30pm weekdays for you to make an appointment with a GP, Nurse Practitioner, Practice Nurse, Health Care Assistant, Physiotherapist etc.

Our Care Navigators will ask you the reason for your call in order for them to direct you to the most appropriate health care professional.

If you would like the clinician to call you back at a certain time, please let us know. Our workload changes throughout the day and can be unpredictable, so a call back time cannot always be guaranteed, but we will always try to accommodate this.

After 4.00pm our appointment system switches over to **URGENTS ONLY**. Please do not call for a Nurse Practitioner or Doctor appointment after this time unless it is a genuine medical urgency that cannot wait until the next day.

eCONSULT

eConsult is available via our website. It enables patients' to seek online advice from their GP. It also gives patients' the option of requesting general or administrative advice. Plus eConsult offers self-help information from the NHS and advice or help from appropriate local services.

To access this service please go The Peninsula Practice home page and click on the link

HOME VISITS

If possible please phone the surgery before 10am if you require a home visit.

A doctor or nurse may phone you back as it may be that your problem can be dealt with by telephone advice, or indeed arrange a hospital attendance. House visits are

only available for patients who are housebound because of illness or disability. Please remember that several patients can be seen in the practice in the time that it takes to make one home visit. There are also better facilities for examining and treating patients at the surgery premises.

OUT OF HOURS

For urgent medical problems between 6.30pm-8.00am, weekends and bank holidays, the Out of Hours service provide medical attention. Please call **111** for this service. Telephone calls to the surgery when we are closed are automatically transferred to NHS 111 at no additional cost while the caller waits.

You can also get medical advice 24 hours a day from **NHS 111** on **111** or medical information online at NHS Choices: www.nhs.uk.

GP Trainee Appointments

The Peninsula Practice has been approved as a training practice by the East of England Deanery whereby qualified doctors who choose general practice as their speciality will train alongside our GP's.

You may be offered an appointment with trainee GP's who will always be under close supervision by one of our GP's as necessary.

Booking Online Appointments

You can book appointments online. Before you are able to use this service you must first register for online access, please complete the Online Access Registration Form found on our website www.thepeninsula-practice.co.uk or available at reception.

Extended Opening Hours

The surgery offers extended hours appointments (outside of our main opening Hours of 08.00-18.30) at various times and surgeries. Please ask at reception.

GP+ Appointments

Suffolk GP+ is for people who urgently need a doctor's appointment or are unable to see their GP during normal GP hours.

Appointments can be made via the practice reception during our usual opening hours. Please note patients cannot refer themselves to this service.

The service is staffed by local Suffolk GPs and Nurse Practitioners in Ipswich, Felixtowe, Stowmarket, Leiston and Wickham Market and is an NHS service delivered by the Suffolk GP Federation. You will receive a booked appointment and will be seen by a local GP or nurse who will have access to your medical records (once consent is given).

THE PENINSULA PRACTICE TEAM

Dr Lindsey Crockett BSc (Hons), MBBS, MRCGP, DFSRH, (Partner)
Qualified in 1999 at Royal London and Bart's hospital. She was a GP in Surrey until January 2010 when she moved to Suffolk. "In the time I've been here I have felt privileged to be part of an excellent team where the individual needs of every

patient is attended to. I have a particular interest in women's health, drug & alcohol issues and emotional health". Dr Crockett is also a qualified GP trainer and the Peninsula Practice is a training practice where qualified hospital doctors can work with us whilst training to be GPs.

Dr Gihan Nanayakkara Ph.D, MRCP, MbChB, BSc (Salaried GP).

Having studied as an undergraduate and then going on to research tropical disease and dermatology at King's, Guy's and St Thomas' London, he qualified in medicine in 2011 from Warwick University. Dr Nanayakkara moved to Suffolk in 2014 where he did part of his GP training at the Peninsula Practice, before joining as a salaried GP in 2017. "I had such a wonderful and welcoming experience training at the Peninsula Practice, from staff and patients alike, that I was certain I wanted to return to join the team."

John Scott MBBS MRCP (Salaried GP)

Dr Scott qualified at The London Hospital in 1979. After his first hospital jobs in Ipswich and then GP Training in Bury St Edmunds, he became a GP in Stowmarket in 1983. An interest in Palliative Medicine lead him to work full time at St Nicholas' Hospice in Bury St Edmunds for 3 years until leaving in 2003 to become a GP in Thetford. He joined the Aldeburgh Surgery in 2019 having moved from Bury St Edmunds to the Framlingham area. His interests include walking, spending time with his two young grandchildren and also driving his 1928 Humber.

Jafar Shahabi (Salaried GP)

Mohammad Jubayer (Salaried GP)

Nurse Practitioners

Our very experienced Nurse Practitioner's work alongside the doctors in the practice to provide medical services. They hold their own nurse practitioner surgeries where they see patients to diagnose and treat both new and long terms conditions: this includes prescribing a wide range of medicines.

Nurses

Our highly qualified senior nurses deal with a wide range of conditions and health concerns. They see patients for support, advice, screening and monitoring in many areas of disease management such as diabetes, asthma, COPD and hypertension. They also see patients for dressings, blood pressure checks, cervical screening, ear syringing, immunisations (routine and travel) etc.

Health Care Assistants (HCA)/Phlebotomists

Our HCA's provide an ever-growing repertoire of supportive medical services for our patients. These include blood tests, wound care, ECG's, blood pressure monitoring etc. The phlebotomist holds clinics to take bloods.

Practice Manager and Administrative Team

Our managerial and administrative team have responsibility for the organisation and running of the practice. They are on hand to respond to operational and business issues.

Reception Care Navigators

Our team of Reception Care Navigators provides patients with a first point of contact and will help direct them to the most appropriate source of help and information. They will ensure that you are booked with the right person the first time.

Dispensary

Our team of dispensers run the dispensaries at Alderton and Orford surgeries. Together they provide a comprehensive and convenient service for dispensing repeat prescriptions as well as efficiently preparing acute medication as it is prescribed during consultations. Please note that we require at least 72 hours within full working days for repeat prescription requests to be processed.

Community Clinical Services

District Nurses

The District Nurses work in a team in the community, sharing the care of our patients who are not able to get to the surgery. They have great expertise in all areas of district nursing including wound care, palliative care and continence care. The district nurses also provide leg ulcer clinics. The initial referral to the district nurse is usually through the surgery or from hospital.

Maternity Care

The doctors share the care for women during pregnancy with our community midwife team, who are based in Woodbridge. Patients can self refer when newly pregnant or attend the surgery for an appointment with a doctor. Patients are welcome to attend both midwife-led clinics and their GP for their antenatal care. The community midwife holds regular antenatal clinics at the surgery. Please check on the website or telephone the surgery for where and when she will attend.

Health visitors

The health visitor works with the community health visitor team alongside the doctors and midwife to provide specialist advice on childcare. They carry out routine health checks on babies and children under five and give advice and help on growth, development, feeding, and behaviour and sleep patterns amongst many other things. Clinic information is available on our website or via the surgery.

Hospice and Macmillan Nurses

The service specialises in helping people with cancer & other end of life illnesses. Support is available from the surgery as well as the hospice. Please call us for further advice.

Mental health, Psychology and Counselling

We are able to offer in-house psychological support via the Suffolk Wellbeing Service team who see patients for assessment, self guided Cognitive Behavioural Therapy (CBT) or one to one CBT sessions at all the surgery branches. Patients can now self refer to the team by calling 0300 123 1781. Information can be found on their website www.readytochange.org.uk

Patients with drug and alcohol issues can either self refer or be referred by their doctor to local support teams.

Services requested by patients such as private medical examinations or completion of insurance claim forms etc. are non NHS services and the clinicians are entitled to charge a fee.

Details of fees are displayed on the notice board in our waiting rooms. Please ensure you are aware of these fees before booking your appointment.

Our website has up to date information about our services and a wealth of healthcare information. Please also refer to this for latest information on any health alerts. www.thepeninsulapractice.co.uk

Repeat Prescriptions

We offer an online repeat prescription ordering service via our website. Before you are able to use this service you must first register for online access, please complete the Online Access Registration Form found on our website www.thepeninsula-practice.co.uk or available at reception.

Repeat prescriptions can also be requested in person at the dispensary or by post. Please ask at dispensary for protected personal access to this service.

Booking, Viewing & Cancelling Appointments

We also offer the ability to book, cancel or view appointments online. Before you are able to use this service you must first register for online access, please complete the Online Access Registration Form found on our website www.thepeninsula-practice.co.uk or available at reception.

Registering Online

This website service allows new patients to download a registration form online and by completing the health questionnaires and providing helpful medical information this will assist smooth transition from your previous GP. *Please bring all completed forms to the surgery.* All new patients are invited to come for a new patient check. This is particularly important if you have an ongoing condition and should be arranged within 6 weeks of registering.

Change of Personal Details

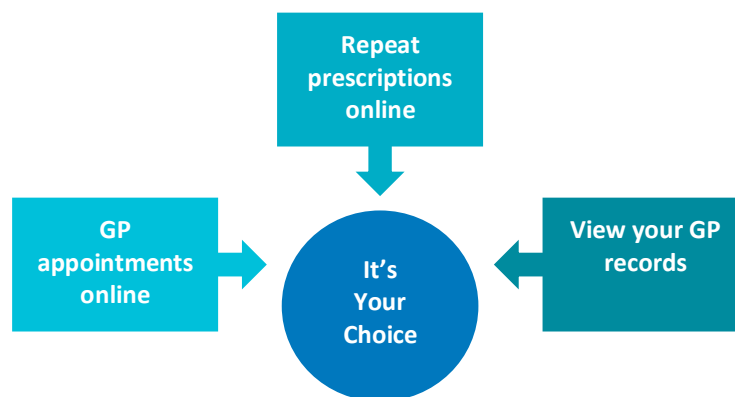

If your address, telephone or other details change you can use the website to add this information. You can also provide up to date information via the website such as adding your mobile telephone number.

Patient Online: Records Access
'It's your choice'

Changes to Patient Online Records Access

Previous access was only for Repeat Prescriptions and Online-GP appointments.

There is now a new facility to be able to view a patient summary of your records, which at present will only include Medication, Allergies and Sensitivities.

If you wish to have access to your patient records, you will now have to prove your identity and complete a form before we can allow you access – please speak to a member of staff.

All children over the age of 14 will have to do a new registration, in person (not parent/guardian) for all online access.

Please note patients already registered for online access – will need to request a new registration in order for you to have access to your patient summary – if you do not wish to use this you can carry on using your old username and password with access to GP appointments and repeat prescriptions.

The practice has the right to remove online access to services for anyone that does not use them responsibly.

SERVICES & CLINICS

We run a range of clinics from general medical services to enhanced services not necessarily available in every surgery nationwide. They are listed here. For more detailed information on any of these please call the surgery or check our website.

Asthma & COPD (Chronic Obstructive Pulmonary Disease)

Our nurses specialise in care of chronic respiratory conditions and offer support to patients. These include tests to monitor control, advice on inhaler types and technique, symptom control and general lifestyle support.

Child Health & Immunisations

All new babies are invited to attend for a check up at 6 weeks of age. The local health visiting team provides health screening for all children under 5 years. Immunisations are given by our nurses from 2 months of age and you will be alerted for pre-school immunisations when your child reaches the appropriate age.

Chiropody

NHS chiropody is available for some patients (i.e. elderly/diabetic patients) in by self-referral at podiatryreferrals.co.uk or a referral from your doctor.

The surgery also offers a Private Chiropody Service at Alderton, Orford & Aldeburgh. There is a fee attached to this service, please ask at reception.

Contraception/Family Planning Services

A full contraception and sexual health service is available including emergency contraception, pill checks, Chlamydia screening and long acting contraception such as injectables, implants and intra-uterine coils. Some of our practice nurses are also trained in advising patients on contraception, pre-conceptual care and sexual health. Dr. Crockett is the lead contraception and sexual health GP for the practice and appointments can be made at all surgeries for this service.

Diabetes

Every patient with diabetes is offered at least an annual review for monitoring (i.e. blood tests, foot checks, BP & weight etc.) and discussion of diabetes control management. This normally involves a comprehensive appointment with the nurse and sometimes followed up by an appointment with a doctor one week later as appropriate.

Flu clinics

These are held annually in the autumn when the vaccine against the most virulent flu strains are prepared and sent to surgeries nationally. All patients aged 65 and over, plus other patients in certain 'at risk' groups are invited to these clinics. The dates of clinics and details will be advertised in the early autumn at all surgeries and on our website.

Hypertension Monitoring

Patients with high blood pressure are closely monitored with blood pressure checks, lifestyle advice, annual blood tests and medication reviews.

Medication Reviews

Patients on repeat medication are reviewed to ensure that the treatment they are receiving is still appropriate and assisting the condition for which it is prescribed. These appointments are an opportunity for patients to have a detailed review of their condition as well as to consider further investigations.

Minor Surgery

Some minor surgical procedures and joint injections are available at The Peninsula Practice. Please make an appointment and a clinician will initially assess and discuss the options before arranging a definitive procedure as appropriate.

Physiotherapy

Patients can refer themselves for physiotherapy (or at home if necessary) online at www.ahpsuffolk.co.uk. If you do not have internet access please contact reception.

Smoking Cessation

Stopping smoking is one of the most important things you can do to improve your health but we know that one cannot tackle this without feeling the motivation to do so. Our nurses provide comprehensive support for when that moment may come and offer advice as well as prescriptions where appropriate to help smokers give up.

Travel Vaccinations

We provide a foreign travel service. This includes yellow fever. Please complete a form from reception or online from our website for the practice nurse to ascertain your needs. This should be done at least 8 weeks before travelling. Call the surgery 3 working days after submitting your form when an appropriate appointment will be arranged for you.

Please note that some vaccinations are not provided under NHS services and will be charged a private fee. Please note: Yellow fever vaccinations can only be given at Alderton surgery.

Weight Loss Support

Led by our nursing team, the practice offers advice and support for those patients wishing to lose weight for their health.

Further Information

Over the Counter Medicines

We offer an extensive range of products at a competitive rate. These are displayed at both Alderton and Orford surgeries and our dispensers are happy to help with any queries.

Patient Confidentiality

We respect your right to privacy and keep all your health information confidential and secure. It is important that the NHS keeps accurate and up to date records about your health and treatment so that those treating you can give you the best possible care. The information is available only to those involved in your care. You have the right to know what information we hold about you. If you would like to see your records, please speak to the Practice Manager.

Prescription Delivery Service

For patients who have difficulty in getting to the surgery to pick up medication (including repeat medications) we offer a free delivery service. This is intended for, but not exclusive to, those who are less mobile or do not have transport or for those without family/neighbours who can easily get to the surgery on their behalf. If you are interested in this service, which is discretionary, please discuss this with dispensary staff.

The future of health needs you – Medical Research Projects

This practice is part of a network of surgeries in Suffolk who host medical research on a regular basis. Findings from research studies are used by primary care health professionals to offer you the most appropriate care. Anyone registered with this practice could help shape the future of healthcare by helping with research projects that you may be invited to participate in. Projects might involve completing a questionnaire, agreeing to an interview with a researcher or taking part in a clinical trial. No patient identifiable information will leave the practice without explicit consent from the patient. We work with a local Primary Care Research Network (PCRN) facilitator who assists in the set-up and smooth running of adopted studies ensuring quality control standards are met and maintained throughout studies.

Patients with particular needs/disabilities

Each of our surgeries has parking bays for disabled badge holders, have ramps and are accessible to patients using a wheelchair. We can arrange interpretation and translation services in person or by telephone for patients who do not speak English. We can also arrange hospital transport in certain circumstances for appointments with prior notice. Some patients may require longer appointments because of their disability and this will be accommodated.

PALS

The Patient Advisory Liaison Service is designed for patients, relatives and carers who need help and advice. It is a confidential service that provides information on the NHS and health related matters. The PALS service can be contacted on 0800 389 6819. The email address is pals@suffolk.nhs.uk

NHS ENGLAND

We are currently part of NHS England where you can get information about medical and dental services in the area. Please contact them at The Customer Contact Centre, NHS England, PO Box 16738, Redditch. B97 9PT, telephone number: 0300 311 2233, website: www.england.nhs.uk

Comments, Suggestions or Complaints

We welcome any suggestions you have to help us improve the service. You can speak directly to any of us, or write to us. If you wish to make a complaint, please speak to a member of the practice staff. We will take the matter seriously and respond to you as soon as possible.

NHS Choices

www.nhs.uk offers lots of information from the NHS on conditions, treatments, local services and healthy living. Also on this website is the opportunity to provide online feedback about your views on our services at The Peninsula Practice. If you would like to appraise your surgery you can add your comments via this website.
